Professional Summary

Software engineering undergraduate with hands-on experience in JavaScript, React.js, React Native and Node.js, building responsive web and mobile applications. Solid foundation in computer science fundamentals and relational databases, with growing expertise in Python. Enthusiastic about clean, maintainable code, collaborating in agile teams and exploring new tools and frameworks through internships and personal projects.

Technical Skills

- **Programming:** JavaScript, TypeScript, Python
- **Frameworks & Libraries:** React.js, React Native, Node.js, Next.js
- **Web & Mobile Development:** Web Application Development, Responsive UI Design, Component-Based Architecture, HTML, CSS
- **Database Management:** SQL, Relational Database Concepts
- **Tools:** Git, GitHub, VS Code, Code Review
- **Computer Science Fundamentals:** Data Structures, Software Architecture

Work Experience

UERL

Intern

Jan 2025 - Jun 2025

Provided technical support, troubleshoot hardware and network issues, and resolved ERP input errors for staff. Built small Python projects including a Staff Registration System and an Invoice Tracking prototype. Gained practical experience with SSMS, network configuration, and remote access tools (TeamViewer, AnyDesk).

Education

Babcock University

Bachelor of Engineering (B.ENG.), Software Engineering

Oct 2022 - Jul 2026
